ROYAL CAFE New Owners—Everything New

Wong Bros. have taken over the building and business known as the Royal Cafe. The new owners will have a new business policy, and the cleaning and renovating of the kitchen and dining room, and the improvement of the service, makes everything new. The menus of fine pastries, juicy meats and tender fowl, and appetizing vegetables and fruits, are prepared to bring patrons here with a keen anticipation of enjoyment.

How about a Dinner here some day?—just to try us out.

GROUND OBSERVATION

Major Tudhope and Captain Howson of the High River Aerodrome, left last week for Pekisko Forest Fire Station, west of High River and they travelled by pony north from there to Morley making ground observations along the way in connection with Forestry department work. Ideal weather prevailed during the trip. At Morley Major Tudhope was obliged to return to High River owing to the illness of his wife and Captain Howson is continuing the work from Morley.

SEED CLEANING PLANT

Great interest is being shown by the United States Department of Agriculture in the new government co-operative seed grain marketing plan, and the government cleaning plant which is being installed by the seed branch of the Department of Agriculture under the supervision of W. J. Stephen, crops commissioner. Mr. Stephen has received a letter from the federal grain supervision bureau of the U.S. Department, asking for particulars of the plan. The scheme is proving of great interest to the farmers of the province. Over 4000 bushels of seed grain have already been shipped to the plant, and much more is expected. The cleaning plant is about to be installed, and will be of a modern type. It is emphasized by officials of the department, that it is the purpose of the department only to handle the surplus seed grain, that cannot be handled by the farmers themselves.

U. F. A. MEETING

There will be a general meeting of Vulcan Local, U. F. A., in Vulcan, on Saturday, November 18, commencing at 2 o'clock. Business of interest and importance will be presented for consideration. All members are requested to be in attendance.

NOTICE

Wong Bros. have taken over the restaurant business of Chu Bros. at Vulcan, known as the Royal Cafe. All accounts owing by Chu Bros. must be submitted to Wong Bros. before 1st of December, 1922, for payment.

WONG BROS.,

NEW MANAGEMENT Imperial Hotel Dining Room

On the first of November the Imperial Hotel Dining Room passed to the management of L. King and an efficient staff, who solicit public patronage, which they will endeavor to merit by the excellence of the meals and service. Give us a chance to please you.

L. KING.

SCHOOL REPORT

Standing of Pupils for Month of October

Grade VIII—Marian LeBow, 82%; Stella Dewie, 80%; Maud Shaw, 77%; Jewell Gardner, 75%; Norman Jenni-John, 74%; Roy Thomas 73%; Willie Thomas, 72%; Wilfred Daines, 70%; Olive Dunbar, 68%; Ena Watt, 66%; Gerald Pashak, 66%; William Kaiser, 67%; Albert Flood, 60%; Harry Rolston, 59%.

Grade VII—May Farrand, Mayme Lebeau, Clifford Ogilvy, George McPherson, George Seaman, Glenn Robbie, Mary Doyle, Douglas Jump, Hazel Carruthers, Russel Robbie, Mildred Doyle, Lorea Standinger, Charlie Kaiser, Grace McKie. Absent for part of examination: Lorea Standinger, Grace McKie, Charlie Kaiser.

Grade VI—Eleanor Jennejohn, La Verne Vaughan, Chester Thomas, Mable McDonald, Freda Dunbar, Willie Donaldson, Robert Spooner, Russel Collier, Alan Davenport, Buford Walker, Dorothy Martin, Fred Vanskiver, Zora Green, Alice Eamor, Frank Smith, Vieta Grant, Ernest Granlien, Annette Loiselle, Georgie McKie. Absent for part of examination: Vieta Grant, Annette Loiselle, Georgie McKie, Ernest Granlien.

Grade V—Barbara Howes, 92; Herbert Linley, 91.7; Rosie Korczynski, 88; Arthur Cook, 86.8; Leslie Hanson, 86.4; Harland Schenck, 83.5; Norma Vanskiver, 83.2; Doyle Dunbar, 82; Willie Cunningham, 80.2; Jennie Laarz, 80.1; Edward Jamison, 80; Ailsa Charters, 78.7; Mildred Gardner, 77.1; Isabel Flood, 76.1; George Donaldson, 74.1; Elwood Lebeau, 69; Mabel McPherson, 66.8; Eugene Hanson, 65.8; Leta Roe, 65.4; Dora McPherson, 63.1; Dorothy Kothlow, 60; Lawrence Dyle, 50.1; Chester Dewie, 49.1; Leo Loiselle, 44.2; Lowell Granlien, 5.2; Helen Craig, 18.8. Absent for part of examination: Dorothy Kothlow, Lawrence Doyle, Chester Dewie, Leo Loiselle, Lowell Granlien and Helen Craig.

Grade IV—Alice Berringer, Margaret Herdman, Sylvia Seaman, Carlton Jones, Helen Simington, Katie Dewie, Marion Flood, Sylvia Green, Dorothy Donaldson and Theron Vaughn (equal), Willie Walker, Muriel Nicholson, Irene Loiselle, Donald Carson, Mabel Hanson and Jean Rolston (equal), Billie Charters, Bruce Vanskiver, Gertrude Martin, Bertha Adams, Harold King, Clarence Martin, Elmer Shaw.

Grade III—Lewis Doyle, Erna Journey, Eileen Eamor, Robert Marshall, Ethel Laarz, Geo. Eamor, Minnie Eamor, Gordon Schenck, Alma Shaw, Royce Clark, Jack Anderson, Frank Kothlow, Robert Jamison, Alice House, Frances Moon, Mary Craig.

Grade II—Bobby Doyle, Arlo Journey, Albert Collier, Clarence Loiselle, Arlene Wallace, Lorraine McAlpine, Mabel Robinson, Douglas Brunton, Ruth Granlien, Florence Getty, Elmer Ross, John Dewie, Florence Eamor, Ruth Grant, Wilfred Bancroft, Frank Key, Martha Adams.

Grade I—Freda Getty, Ernest Linley, Edna McPherson, Jack Le Beau, Allan Marshall.

Grade I, Jr.—Kathleen Nicholson, Dorothy Robinson, Chas. Carson and La Vaun Gardner (equal), Eddy Ober, Doris Simington, Marie Dunbar, Geo. Dewie, Lionel Stewart, Wm. Laarz, Ilo McCutcheon and Marvel Dunbar (equal), Ruby Collier, Hittin Graham, Frank Moen, Helen Donaldson, Willie Horrihan, Cecile Johnston, Winnie Flood, Eric Charters, Billy Rolston, Ethel Eamor, Alice Adams, Billy Wright, John Eamor, Francis McGinnis, Laurel House, Fred McGinnis, Harry Kothlow.

REPUBLICAN LOSING GROUND

The late returns from the general election in the States, but which is as yet incomplete, show a strong rebuke for the present incumbents. It is practically a democratic landslide, and at the present writing looks as if they would control the house of representatives. The Republicans have so far not shown a gain of a single member but, on the contrary, have been losing heavily, even some of the intimate confidants of the President being retired to private life, and notably that of Senator Albert A. Beveridge, of Indiana, who was the coming possible Republican candidate for President.

RINK NOTES

Items of Interest From Our Local Exchanges.

High River Times: We notice in our various exchanges that most of the towns and villages are already making preparations for the coming winter sports. Information we have of enterprise in Vulcan regarding the erection there of a skating rink, leads us to wonder why High River could not as well have an enclosed curling and skating rink. Vulcan is on the way with such a building, having developed a unique way of obtaining it, and within a few hours, \$6,500 was subscribed by the citizens of Vulcan for this purpose, which was to take the shape of a stock company, but which later was changed to make it a municipal affair by the issuance of debentures which was granted with the money furnished by the citizens in advance.

LOCAL ITEMS

Miss Evelyn Larson, who is attending school at Calgary, spent the Thanksgiving holiday, visiting with her parents.

Overheard—"Yus! an' I says to him: 'You shove any more water in my milk an' I'll tike it down ter the Town 'All and 'ave it paralyzed by the local Anarchist.'"

If you're old enough, you'll appreciate this—Whatever other drawbacks driving an auto may have, at least the fool thing hasn't a tail to be eternally getting over the reins.

The band of the Edmonton Great War Veterans Association, numbering 35 pieces, will leave on November 28, on a special tour of the United States, having contracts to play in 143 towns and cities.

Alberta has become a popular place for the establishment of silver fox farms. The latest is south-west of Calgary, and a consignment of 130 pairs of foxes, valued at \$250,000 reached this farm the past week from Mr. Pete Terry has just arrived from High River and will enter the employ of the Vulcan Electric Service. Pete is some chicken man, and will no doubt soon be into the activities in connection with the poultry show.

Mayor McKeage and Mr. Featherston, of Nanton, were in Vulcan on Wednesday just to see how we do things over here. They are supporting the proposition to erect a community hall in their town, and such data as Vulcan could furnish was cheerfully given. They had a friendly reception, for we are not in a like work. They want and need a hall, and Vulcan needs and wants a rink.

It is reported that Alberta's total coal output for the first six months of 1922, amounted to 2,404,206 tons, compared with 2,833,075 tons during the same period a year ago. The total output last year was 5,937,000 tons, while 1920 was the banner year for Alberta with 6,908,000 tons mined. The market in Manitoba is steadily developing. Last year it took a half million tons of Alberta coal, practically all domestic. Saskatchewan gets most of its import coal from Alberta, but still imports some anthracite from elsewhere.

Mr. Peter Terry who has occupied the position of day engineer at the power house for the past two and a half years left on Wednesday for Vulcan to take a similar position with the Vulcan Electrical Co. During his term at this plant the public was never without service which was a vast improvement on what we used to get. The council in session at their last meeting to Mr. Terry's ability remarked "that he had never been seen with a white shirt and stiff collar on as he was always at his post. Amongst the younger element he will be missed for he has taken his managerie to Vulcan.—The Times.

For the past week we have been experiencing ideal fall weather, cold nights with the thermometer reaching zero on a few occasions followed by perfect sunshine days, which has made life worth living. A degree of moisture at the present time would however be very acceptable, as the land is dry and the roads and trails very dusty, but indications are of a continuation of the present conditions. The past summer and fall so far will go down as one of the most agreeable this province has seen in its existence, and most favorable for all living and farming conditions. California tourists will be coming this way if this weather continues. You can't beat it.

LOCAL ITEMS

Mr. R. Liggett, of High River, is a business visitor in town at present.

Mr. J. M. Scobbie, of High River, spent the week-end in town with his family.

Mrs. Spooner, of Black Diamond, is at present visiting in town with her son, Mr. A. G. Spooner.

Mr. E. Thomas, left Wednesday for Lethbridge, where he will open a barber shop and billiard hall.

Rev. R. McNab, of Calgary, will speak at the Union Church next Sunday.

Miss Nellie Middleton who has been on the sick list for some time, has returned to school at Calgary.

Mr. and Mrs. Roy Fitzpatrick left Wednesday evening for Victoria where they will reside in future.

Mr. H. Lundgren and Mr. W. Jamieson, returned from Calgary on Saturday, where they attended the Municipal convention held in the city.

Miss Louise Peterson left Tuesday for Champion for a few days, after which she will reside in Calgary for the winter.

Mr. and Mrs. Fusee, who are moving from Barons to Vegreville, stopped in Vulcan on Friday, and spent the day with Mrs. J. M. Scobbie.

Mr. C. Fitzpatrick, of Victoria, who has been visiting in the district for the past two weeks, returned to his home on Wednesday.

The ladies of the Catholic Church contemplate putting on a fowl supper, and now everyone will anticipate the event.

Dr. E. Upton, Dr. W. Upton and family of Calgary, and Mr. B. Upton of Banff, spent Thanksgiving Day in town, the guests of Mr. and Mrs. D. C. Jones.

The Advocate has printed bills announcing the last drive in the disposal of the Thomas & Co. stock of dry goods, and the method is a still further reduction in prices. Messrs. Naismith and Buck have hit the prices hard.

Recently we styled our town as little city convention centre, and since there have been three or more assemblies of size and importance, and now preparations are being made for the I.O.O.F. district meeting, an event of interest.

Members of the senior and junior choirs of the Union church furnished the major portion of the program at an entertainment at Ensign on Friday night, the proceeds of which are for the purpose of enlarging and fitting the school for use as a community hall.

The secretary of the Provincial Utilities Commission has acknowledged receipt of the request of Vulcan Council for the sanction of the board for the increase necessary in the amount of the debentures in connection with the skating rink proposition, and gives the promise that the matter will have the attention of the board at the first possible opportunity.

Next Saturday, November 11th, the day known throughout all the allied countries as Armistice Day, is to be fittingly observed in Alberta and the other provinces of Canada by each and every person wearing a poppy, similar to those which grow in Flanders' Fields. Have you got yours?

Married at the Presbyterian Manse, in Edmonton, on October 25, 1922, by Rev. I. G. McQueen, Mr. Jack McKenzie and Miss Mae Bennett. The principals in this happy event are former citizens of Vulcan, where they are highly esteemed, and hosts of friends here wish them well on the journey which they commenced together at the capital city of the province, and where they visited for some days previous to their going to Benalto, where they intend to make their home, and with them all hope that happiness and prosperity will dwell.

The Women's Institute held their regular meeting at the home of Mrs. Jennejohn, on Friday last, and there was a good attendance. It was decided to elect officers, and the following were elected: President, Mrs. Schenck; first vice-president, Mrs. Hall; second vice-president, Mrs. Lebow; secretary-treasurer, Mrs. M. Hanson; directors, Mrs. Simington, Mrs. Dickenson, Mrs. Loiselle, Mrs. Marshall, Mrs. Marshall, Mrs. Martin. An excellent paper was given by Mrs. Martin on "Laura Secord, one of our Canadian heroines". Mrs. Kelfer, Mrs. Hall and Mrs. Jennejohn were joint hostesses and served a delicious lunch, and everybody had a splendid time.

ONLY A YARN

The local conference was over, and the hostesses were returning from seeing the visitors off at the station.
"Oh, you mean two local preachers, Mrs. Brown!"
"Oh, I had a very nice minister!" replied Mrs. Brown, "Whom did you have?"
"Well, I had two locust preachers."
"Oh, you mean two locust preachers, Mrs. Brown!"
"No; I had two locust preachers!" was the reply.
"But locusts are these things which come in swarms and eat up everything, and—"
"That's right," said her friend; "and I had two of them!"

LOCAL ITEMS

Miss McColeman, of Brant, was a visitor in town on Wednesday.

Mrs. Harry Nelson spent the week-end visiting with friends at High River.

Mr. Joe Pisanaki leaves Monday by team for Minnesota, where he will reside in future.

Miss Olson, of the Bank of Hamilton staff, spent Thanksgiving with her parents at Brant.

Mr. R. P. Rochon, has returned from his holidays, which he spent at Calgary and Shepard.

Mr. Ed. Simpson left Tuesday evening for Oregon, where he will reside during the winter months.

Mr. Roy Shaw, who has been in charge of an elevator at Indus, Alta., returned to Vulcan on Monday.

Mr. Frank Stephens, of Badger Lake, spent Sunday at the home of Mr. and Mrs. A. T. Martin, Vulcan.

Mr. and Mrs. Wellington and son Roy, of Fallis, Alta., who have been visiting with Mr. and Mrs. W. Wellington, returned to their home this week.

Mr. Arthur Meredith, of Enterprise, Ontario, is spending a day or two in town, the guest of Mr. and Mrs. Vanskiver.

The foundation for the new Anglican church is almost complete, and when the cement sets the other work will proceed.

A general meeting of the ladies of the Catholic Church will be held at the church, at 11 o'clock sharp, on Sunday, November 12th.

A new department has been added to the business of the Vulcan Supply Co. by the putting in of a large and varied stock of crockery and china, and a very interesting announcement appears in an advt. in this issue.

The Vulcan orchestra furnished music last week for a dance at Nan-ton, and the local paper says that the excellence of the music made the dancers stay longer.

Mr. Earl Noble, demonstrating aluminum ware, had an interesting assembly of ladies at the home of Mrs. McIntosh on Wednesday afternoon. Johnny cake and pancakes, meats and other things, all cooked on the ware, were served to the guests, and Mrs. Pettman won two prizes in the word competition.

A meeting of the Vulcan Curling Club to elect skips will be held at the office of the Rural Municipality of Royal on November 21, at 8 p.m. All those wishing to play during the coming season should notify the secretary, whether old members or not. Tenders for the position of ice man will also be discussed. See advertisement.

Miss Mamie LeBow was taken suddenly ill on Saturday night, and hurried the same night to the hospital, where it was determined that appendicitis was the trouble. An operation was at once performed, altogether successful, and it all happened in an almost incredible short time. And better still, Miss Mamie is already on the way to recovery.

Charlie Hon, of the City Cafe, Brant, who was sentenced to three months with hard labor at Lethbridge by Justice of the Peace C. C. Short for an infraction of the Alberta Liquor Act, has applied to the district court to have the case appealed and heard in Vulcan in the year 1923. Meanwhile he is out on bail, pending the hearing of appeal.

Still another radio set. This is truly a wireless town. Mr. A. G. Spooner and son Bobbie have joined the bunch, and their home has been equipped with a splendid set. They are "getting" almost everything from everywhere, and among the first that came in was the election returns from the United States. Poles are sticking up all over the place, and we get all that is going.

Albert Mutz left Vulcan on Saturday on a long journey to Germany, the first time back home in thirty years. He anticipates a fine time on his visit to the homeland, and many friends here hope that he will realize on every anticipation. And his going presents the opportunity for us saying that Mr. Mutz has been a good man in many ways for Vulcan, his business enterprises giving the community conveniences that are valuable, and most certainly we wish him well on his trip.

The Advocate man gave a special prize in connection with the School Fair for the best drawing in colors of the Union Jack, which was won by Ruth Howes, age 15, of Alston school, and thanks to the winner, we have now been presented with the drawing. It is a incident that merits mention that this little lady is an American, not long up from the States, and if she makes as good a Canadian as she has made the drawing of the flag of our Empire we have secured a splendid new citizen. In this connection we are pleased to mention the satisfaction it was to the donors of the many special prizes that there was such large and keen competition in every special class. This is what makes it blessed to give.

THE VULCAN ADVOCATE

NOTES AND COMMENTS

The B.C. government was sustained on the first division of the current session by six of a majority.

If you're old enough, you'll appreciate this—Whatever other drawbacks driving an auto may have, at least the fool thing hasn't a tail to be eternally getting over the reins.

The cost of conducting a newspaper is somewhat staggering as the U.F.A. is finding out. In a recent statement we read that \$7,000 net was paid for support of the newspaper and \$10,000 more will be required for the same purpose before the end of the year.

The rural municipalities of British Columbia were in receipt recently of the sum of \$1,300,000 from the sale of liquor. This will materially reduce the tax rate throughout the province and will help greatly in the matter of the upkeep of roads, hospitals, etc.

The year 1922 has been a real good one for hall companies and they should all be in fairly prosperous shape. For instance the Hall Insurance Board of Alberta had claims for 1300 storms compared with 5000 in 1921. Claims paid this year amounted to \$300,000; last year they were \$2,147,000.

The time has come when it is going to pay in dollars and cents to grow trees. When foresters can demonstrate to the paper manufacturer that he can afford to grow pulpwood, we are going to see the same sensible turning to forestry that we have seen in the turn to better banking methods and better methods of manufacture.

Owning timber land today is like having money in the bank, and prudent farmers are husbanding their resources in the shape of trees. A woodlot may be meagre, but with intelligent treatment it can be made to give a good return either in yearly growth or in the shape of firewood. Only dead or fallen trees should be used for the fireplace or the cooking stove.

Large herds of wood buffalo are roaming in the Slave River region, according to Fred V. Seibert, of the Dominion Survey Branch, who has just returned from an exploration trip of a large tract of practically unknown country west of the Slave River. Mr. Seibert says that all indications are that they are yearly increasing in number.

Control of wireless telephony by the provincial governments, is recommended by the executive of the telephone departments of the western provinces, including Alberta, and legislation seeking to transfer control from the federal to the provincial governments will be asked for at the coming session. The recommendation is that stations be licensed by the provincial governments and that fifty per cent. of the license fees go to the Dominion government.

Farmers along the new United irrigation project near Cardston are now using the water in the project for fall irrigation. The new project, built under provincial government guarantee of bonds, irrigates 17,000 acres south-west of Lethbridge, near Cardston.

The Calgary Albertan in a report of the Alberta Social Service Council of Alberta held recently, said that in discussing the Alberta Hotels Association and the securing of names on a petition to have beer sold in hotels, one delegate present asked Mr. Hull, "What is to hinder me signing half a dozen names to a petition if I want?" "The sooner you do it, the more you will be aiding our cause," replied Mr. Hull, who is secretary of the council. Surely the Albertan must have misquoted Mr. Hull. We can hardly credit that gentleman giving advice to forge their names.

FARM PRISON LABOR

A rich harvest will be reaped from the different jails and mental hospitals located in different sections of Saskatchewan by the Provincial Government this year. Practically all the work on these institutional farms, which are located at Regina, Moosemin, Battleford, Weyburn and Prince Albert, is performed by the prisoners of the jails or the inmates of the mental hospitals. Last year the value of the crops from the various farms brought \$100,000 to the Government's coffers and this year the figures will be increased considerably.

John Gair of Killam was elected president of the Alberta Association of Municipal Districts.

INTERESTED IN ALBERTA

During the past week the official Alberta party in charge of the government exhibit shown at fairs in western states returned to the city. The exhibit was in charge of C. G. Groff, chief publicity commissioner, and was accompanied by A. W. Foley and Frank Peterson. The exhibit was shown at the midland empire fair at Billings, Montana, at the state fair at Salt Lake City, Utah, and also at Twin Falls, Idaho. Officials also paid a visit to the state fair of Colorado at Pueblo. A large number of people viewed the exhibit and were given information and literature on Alberta, chiefly in connection with the irrigated lands of the Lethbridge Northern Irrigation district, which the government has undertaken to colonize. A good many prospective immigrants were interviewed.

SUCCESSFUL EXPERIMENT

Another triumph for co-operative marketing was registered last week, when 85 farmers near Czar and Provost combined in a pool to ship a carload of live poultry, by freight, to the poultry marketing plant at Edmonton. The car contained 108 crates of birds, or approximately 2600 head, the weight being 9,841 lbs. The freight bill on the entire car was \$111.90. If this stuff had been shipped in the ordinary way by express, by individual farmers, the bill would have been \$315.05! Thus a saving of \$203.15 was effected, or about 2 cents a lb. on the poultry. The poultry was shipped in an open livestock car in regular poultry crates and arrived in excellent condition. The poultry was handled by the poultry marketing service of the provincial government with the Dominion government poultry officials co-operating.

SOMETHING FOR EVERYBODY

The Family Herald and Weekly Star of Montreal, seems to have a genius for collecting, or at least for giving us the best of everything. It is because all needs are catered to, and all minds receive what they need, and all households are given from the experience of the past and the wisdom of the present what is necessary for today and for tomorrow also, that none can afford to be without the Family Herald and Weekly Star, particularly as the subscription price of \$2.00 a year is within the means of all.

MEANING OF INDIAN NAMES

Many of the Alberta editors visiting the Okanagan Valley recently were anxious to learn the meaning of the Indian names of the several points of interest and towns in the Valley. While the meaning of some names is rather obscure and uncertain the names here given were translated by Isaac Harris, the Indian interpreter, and the meaning accepted as correct:

Kamloops—Beautiful point where waters meet.

Sicamous—River circling mountain.

Spallumcheen—Beautiful river bank.

Shuswap—Water flowing towards sunset.

Kalamalka—Mild Healing Power.

A name given to a renowned Indian "medicine man."

Kelowna—Grizzly Bear.

Penticton—Place where water passes beyond.

Keremeos—Beautiful stream crossing flats.

Osoyoos—Narrows between lakes.

Similkameen—Gold eagle valley.

Kiekwillie—Road winding downward.—Enderby Commoner.

THRASHING MACHINE REGISTRY

Up to October 30, a total of 3,717 threshing machines had been registered in the province, a greater number than has been registered in any previous year. Owners of machines who have not yet registered with the department of agriculture should do so.

BEAUTY'S TEN COMMANDMENTS

I. Thou shalt cultivate a love for the beautiful, and make thyself look thy best at all times.

II. Thou shalt strive with infinite care to preserve the beauty that nature hath given thee, and strive always to add what nature has neglected to give.

III. Thou shalt not forget that fresh air and sunshine, right living, and right thinking are the first requisites of health, and that good health is essential to beauty.

IV. Thou shalt so order thy time that each day shall be spent to advantage, never neglecting to give the mind and body the daily repose and rest that they require, particularly sleep—"nature's sweet restorer."

V. Thou shalt assist nature whenever possible by the use of cosmetics and other remedies, remembering that we live unnatural lives, and therefore must adopt artificial means to preserve and enhance the beauty that nature hath given.

VI. Thou shalt not disgrace nature by imitating it in an exaggerated manner, or one that appears to be artificial; for otherwise it becomes grotesque and thou wilt appear a caricature.

VII. Thou shalt strive to be natural and look natural, just as nature would have made us had we lived always under the smile of her sunbeams and in her pure, invigorating atmosphere.

VIII. Thou shalt never expose thyself to public view when assisting nature by artificial means, but shalt always do so in the privacy of thy chamber. "Art that conceals art" shall be thy motto, and modesty thy password.

IX. Thou shalt, carefully remove thy make-up every night before retiring, thoroughly cleansing thy face, hands and neck, and gently massaging them with the palms and fingers, and then applying such unguents as thy complexion needeth, so that thou shalt fall into a pleasant and gentle slumber, and awake next morning refreshed and revived for the day's duties.

X. Thou shalt always remember that true beauty comes from within; that thy inward thoughts are reflected on the countenance; that kind thoughts, good deeds, a sweet temper, and a sympathetic heart form the best foundation cream for the finishing touches that cosmetics will give thy countenance.—Selah.

AN ARMISTICE DAY POEM

Another fitting custom which has developed with the commemoration of Armistice Day in the lands of Allied nations is the adoption of a new poem each year. Of course Lieut. Col. John McCrae's immortal lines "In Flanders Fields", will ever be connected with the occasion, but a second poem usually stands out. Last year in Canada Canon F. G. Scott's beautiful verse, "The Unbroken Line", attained this honor. This year John Oliver Lewis' hitherto unpublished poem, "The Aftermath", stands out among the many expressive contributions to the Day.

The Aftermath

We're back from the turmoil of battle,
Back from the filth and the mud,
Back from the stern call of duty,
Which ended in "rivers of blood".
We've finished with cold and discomfort,
Long nights on the watch for the foe,
Forced marches without any shelter,
To end in a trench full of snow.

The infamy of the invader,
Who broke every law of the land,
Hardened our hearts for the onslaught
Giving us courage to stand—
Against fearful odds—how we battled,
How we made the whole world hold
its breath,
For it knew we were fighting for
freedom—
Though freedom to thousands—meant
death.

We're worn and grey with the struggle
For its horrors were always so near,
The form of a poor mangled brother
Bred hatred—but never a fear.
We've won, but we've paid for it
dearly,
For we left in that land bleak and
lone,
Our comrades, "the fallen", true
heroes,
The best men that ever were known.

They sleep, where they fell, at their
duty,
And as there's a just God above,
He'll open his arms to receive them,
And bless them with Infinite Love,
And we who remain—must remember
We're pledged for the rest of our lives
To care for the widows and orphans,
Of these men who gave us their lives.

ALBERTA SEED FAIR

Arrangements are now being made for the annual provincial seed fair, and a convention of seed growers of the province to be held during the U.F.A. Convention in Edmonton the week of January 16 to 20. Entries for the seed fair are to be in not later than January 10. A new feature this year will be the boys and girls section, in which prizes will be offered to boys and girls who have won first or second prizes in the school fairs during this year. Prizes will be offered to these, in wheat, oats, barley, rye, sunflowers, corn, alfalfa. Prizes will also be offered for collections of noxious weeds, to boys and girls not over 17 years of age, the samples to be properly mounted and named. There will also be prizes for essays of 300 words, on weed control and eradication. In addition to this there will be a grain judging competition open to teams of three each of the second year boys in the agricultural schools. On the last day of the fair there will be an auction sale of seed grain sold off sample.

At the seed fair the formation of a provincial seed growers' organization for the handling of registered seed will be considered. A program is also being arranged of addresses on all phases of agriculture, chiefly on field husbandry and an effort is being made to secure authorities on seed grain from outside the province.

The exhibition of seed will be open during the week to the public, and the judging will be done before the show is opened. The department has reserved the right to retain, for exhibit purposes, all premium grains on which first, second and third prizes have been won, on the understanding that the samples will bear the name of the exhibitor and the score card.

GRAIN SHIPMENTS

During October 2,381 cars of wheat, totalling 3,095,300 bushels, passed through Calgary.

Alberta is shipping more wheat through Calgary at present than at any other period in the history of agriculture in this province, according to figures of car inspections compiled by George Hill, Dominion grain inspector.

October has eclipsed all records of wheat inspections in the same month in other years, although the month is not over yet. Saturday, October 21, saw the largest shipment of wheat passing through Calgary, that ever has been handled here in one day, when 212 cars were inspected, making 275,600 bushels, estimated at the rate of 1300 bushels a car.

In October, 1921, only 675 cars, or 854,100 bushels of wheat were inspected. In other years October's figures were considerably larger than 1921, but none of them approached the mark that has been made up to the present this year.

MEMBERSHIP DROPS

Calgary papers of date of November 2, published the information that on September 30, 1921, the membership of the U.F.A. was 38,000 and on September 30 of this year it was only 15,000.

This striking decrease in the membership of the United Farmers of Alberta is announced in the current issue of the U.F.A., the official organ of the association. The decrease in the membership, together with the decrease in the receipts due to the falling off in the membership, was the problem facing the members of the executive at the recent session in Calgary. The U.F.A. makes no effort to explain the decrease in membership, but says that a policy of strictest retrenchment in expenditure was adopted.

A nifty gambler was charged with carrying on a betting business on the church steps at Toronto on November 2. He was fined \$100.

Despite the increase in membership fees the receipts up to September 30 amounted to \$28,840, against \$38,070 for the same time in the previous year. Out of the \$28,840, a sum of \$7,000 net was paid for the support of the newspaper, which is a new outlay, and \$10,000 more will be required for the same purpose before the end of the year. The revenue available for organization expenses and the upkeep of the central office has fallen almost \$4,000 short of meeting the current expenses. It was decided to inaugurate several economies, one of the most important of which was "to advise all directors and organizers that on account of lack of funds the central office could not take any responsibility for paying expenses for organization work until further advised."

Several districts in Alberta report a surplus of potatoes. The latest is from Vauxhall, where the farmers have raised a considerable surplus this year.

HUMAN DISTILLERY

Dr. Lawson of Los Angeles, a prominent lecturer on health and dietics, gave an address in the city of Lethbridge recently and the Herald says he startled his audience by declaring that "there is more harm being done through the candy shops of the country than the bootleggers. Continuing he said, "there are more people walking the streets of Lethbridge today with a distillery inside of them than the revenue officers are aware of it. It is caused by the fermentation of sugar, too much sugar, syrup, soft drinks, candies, all make their own alcohol, and the process of fermentation is not set up until it reaches the stomach."

Disease, said the doctor, was caused by bad habits, and no medicine or manipulations by drugless healers could cure. The cure rested with the patient. Nature does the curing providing the patient stands on his own feet and does the right kind of thinking.

"Millions now living will never die," was a quotation given by the speaker. "You have heard that before. Here is another: 'There are millions now living who do not know they are dead.' It is because they do not know how to use their food, and they wonder why the brain does not function right. The business man wonders why he has lost his pep. Some drop dead at forty. The fact is they were dead long before that only lacking the doctor's certificate and the undertaker."

Dr. Lawson made the prediction that the world is not far from the time when doctors will be teachers of health rather than doctors of disease. He contended that disease was not an entity, but an abnormal condition.

Some foods were condemned by the speaker, particularly the so-called breakfast foods. He claimed that more than twelve thousand children in Canada died under one year of age, all through improper knowledge of feeding and care of their bodies.

CONTROL OF LIQUOR

Details of the proposed government liquor control bill, which the Moderation League will present to the Manitoba legislature, backed up by petitions, and on which it is expected that a referendum will be taken early next summer, are announced.

It is proposed that a commission of three members should administer the act, and that adults living in the province and tourists should be entitled to purchase liquor on production of a permit which would cost \$1.00 and in such quantities as the commission should determine. Local option areas, in which there should be no government store, are made possible.

There would be no drinking legally in public places, and no provision is made for sale in taverns or restaurants as in Quebec province. It is provided that beer might be purchased direct from the breweries on production of the purchaser's permit.

One half of the profits earned under the proposed act would go to the province and the balance to the municipalities, "in accordance with their assessment."

NEW RATE ON CREAM

As a result of action taken before the Board of Railway Commissioners of Canada, by Alfred Chard, freight supervisor for the provincial government, in behalf of the Alberta Dairy-men's Association, a new rate has been established by the express companies for three-gallon can shipments of cream. Previously the minimum insisted upon by the express companies was a five-gallon can. Under the new arrangement three-gallon cans will be accepted, and this will be of much benefit to small shippers. The rate established is 83 1-3 per cent. of the rate for five-gallon cans. While the schedule applies to the National Railways and the C.P.R., the same proportionate reduction will be put into effect on the railways north of Edmonton. The schedule is as follows:

Not over 25 miles.....	15 cents
Not over 50 miles.....	18 cents
Not over 75 miles.....	22 cents
Not over 100 miles.....	26 cents
Not over 150 miles.....	24 cents
Not over 200 miles.....	42 cents
Not over 250 miles.....	50 cents
Not over 300 miles.....	58 cents
Not over 350 miles.....	66 cents
Not over 400 miles.....	74 cents

Capacity cans must be legibly marked on the can with not less than one-inch figure. Cans must not be more than 16 inches high nor less than 10 1/2 inches in diameter at the bottom. The bottom of the three-gallon can must be so constructed as to permit piling on top of other cans.

Premier Greenfield will leave shortly to attend the conference on the return of the natural resources to the western provinces, which will be held in Ottawa on November 14.

ABOUT DAIRYING

At last year's session of the legislature the government passed an amendment to the Dairymen's Act eliminating the country cream stations and furnishing in their place a system of government inspection and grading. The wisdom of this action is shown in a report of the summer's work recently submitted by C. Marker, provincial dairy commissioner, to Hon. Geo. Hoadley, minister of agriculture.

As compared with 1921, there has been improvement both in the quantity of butter manufactured and also in the quality of the product, thus bearing out the argument advanced for the passing of last session's dairy legislation. Mr. Marker, in his report says:

"There has been gratifying improvement in the average quality of our creamery butter during the five months under review over that of the corresponding period of 1921. In order to obtain a basis for comparison, a summary has been made of the classification of the butter handled through the provincial butter grading stations at Edmonton and Calgary during the periods in question. The butter so graded represented approximately 60 per cent. of the total creamery butter produced and may with facility be taken as an index of the comparative quality of the whole production."

"Butter graded, 1921, 5,102,195 pounds; 1922, 5,496,131 pounds."

"Special grade, 1921, 8.3 per cent.; 1922, 26.3 per cent."

"First grade flavor score 40, 1921, 30 per cent.; 1922, 34.8 per cent."

"First grade flavor, score 39, 1921, 34.9 per cent.; 1922, 18.8 per cent."

"Second grade flavor, score 38, 1921, 19.5 per cent.; 1922, 14 per cent."

"Second grade flavor, score 37, 1921, 6.3 per cent.; 1922, 4.4 per cent."

"Off grade, 1921, 1 per cent.; 1922, 1.5 per cent."

"Anyone who is familiar with dairy market conditions will realize the significance of these figures and of the result that has already accrued from this very interesting demonstration in the field of 'vertical' co-operation."

CATTLE SELL HIGH

Forty head of Alberta beef range steers, owned by A. E. Cross, of Calgary, brought \$10.25 a hundredweight on the Chicago market Friday and, naturally, Mr. Cross is gratified at the results achieved from his efforts to maintain the reputation of the Alberta range in the finishing of beef cattle for sale in competition in the world's biggest market. The telegram he received from Charles O. Robinson & Company, Union Stockyards, Chicago, to which firm the animals were consigned, was as follows:

"Your forty head of cattle sold at \$10.25. You deserve credit for producing some of the best range cattle that were ever on the Chicago market."

AUCTION SALE

My lease having expired, I have decided to quit farming, and the undermentioned will be sold by Public Auction, at the S. E. Qr. of Section 19-17-24, W. 4th, being

The Long-Life Battery

The actual performance of a battery in your car and not a paper "guarantee" is what counts.

Since the days of the first storage battery (which was an Exide), the Exide has been earning its reputation as the long-life battery. Ask some Exide owner—they are all about you, for more cars leave the manufacturers' hands equipped with Exides than with any other battery.

The dependable, long-lasting power of the Exide means more to you even than comfort—it means dollars and cents economy.

When you get a new car you have a right to a battery of Exide quality—in other words, an Exide Battery. In replacing an old battery in your present car, insist on an Exide and you have any trouble in getting one, write:

If you don't feel warranted to buying a new Exide Battery at this time, ask our nearest Service Station—before you consider getting a substitute make of battery—whether your present battery cannot be rebuilt with Genuine Exide parts.

Go to an Official Exide Service Station for Winter Storage—it will pay you.

RED CROSS NEWS

Mr. and Mrs. Walter plan to leave this week for B.C.

Mr. Joseph Rushfeldt spent the holidays at his home here.

Mr. and Mrs. Wickets have gone to their former home in Nelson, B.C.

Mr. and Mrs. Will Dexter and small son, left on the 30th ult. for Portland, Oregon.

Mr. Joe Manly has left us and gone to Chicago. Joe will be much missed in our community.

Visitors at the Institute meeting were, Mrs. Oldfield and Mrs. Pullum, Mayview, and Mrs. Gordon.

Farmers are keeping the trail hot these days hauling wheat and coal, taking advantage of the ideal weather and roads.

Mrs. W. L. Gordon is home from High River for a visit. Miss Ida Litchfield accompanied Mrs. Gordon home and spent the week-end.

Mr. and Mrs. W. E. Shultz of Brant visited Red Cross friends on Sunday.

Mrs. Sep Washburn visited with Mrs. Ed. Lane on Monday.

Mr. C. O. Fulton of Vernon, B.C., arrived on the 3rd, to make arrangements to sell a car load of apples, of which more later. Mr. Fulton is a brother of Mrs. Ed. Lane.

Who were the ladies who got stalled on the way home from Institute, and had to hike back to Mayview school, and send a "S.O.S. call" for Roy, who was soon on the spot and located the trouble?

We are extremely sorry to have to report the departure of several families from this district in search of greener fields. We hope they will find the "greener fields" and also health and happiness.

Mr. Ben Graham's nephew, Mr. Gordon Wharry, wife and two children also Mrs. Wharry's mother Mrs. Still visited at Mr. Graham's last week leaving on Monday for their home in Orion, Alberta.

Some splendid "snaps" taken by Mrs. Kelley at the W.I. Children's picnic at Mrs. Stager's in the summer, may be had at Jones's Drug store. They are well worth what they cost, 3 for 25c.

We take this opportunity to thank our many good friends for their toleration and appreciation of the few poor notes we have written from time to time. We hate saying good bye, so it's "Au revoir".

Mr. A. J. Clayton made a business trip to Calgary last week. Mr. and Mrs. Clayton and Master Gordon and Artie are spending the Thanksgiving season in Lethbridge with Rev. and Mrs. J. Phillips Jones.

The Journey Brothers recently drilled a well for Mr. Thos. Love, getting a good flow of fine soft water at 194 feet. They then moved to section 17 and drilled a 124-foot well near the Red Cross school, on the Kelley section.

Mrs. Robert Love, Mrs. John Love, Mrs. Harry Johnston, Miss Elizabeth Johnston, Messrs. Alva and Willard Love motored to Calgary the 2nd inst. The Loves returned next day. The Johnstons remained a few days to visit Mrs. Murdoch.

Redlandview Women's Institute met November 1st at the home of Mrs. J. Stein. There was a large number present to hear and take part in a most interesting and lively debate: "Country Versus City Life." Mrs. M. Dunham took the side of "country" and Mrs. R. Hay city life. Both ladies presented able addresses on their respective sides, a discussion followed which was taken part in by all, then the leaders closed with five minute speeches, after which a vote was taken resulting in a majority of three for city life.

At the close of the meeting a most interesting ceremony took place, when Mrs. J. W. McRae read an address and Mrs. Doane presented a beautiful silver gravy ladle, suitably engraved, to Mrs. Ed. Lane, who is soon leaving the Community. "Auld Lang Syne" was sung, also "She's a Jolly Good Fellow," bringing to a close a most enjoyable meeting. Of course there was a lunch, a good one, there always is. So you may take that for granted.

The W.I. decided to hold a sale of cooking in the near future in Aid of Red Cross work. Don't make a mistake and think this means our district. No! It is to help people who are in worse circumstances than we are, in and around Medicine Hat, where they have had six complete crop failures, and conditions are very bad as

described in a letter to the Institute from the secretary of the Red Cross, Miss Carson.

There was a hilarious time at the Red Cross school Friday evening, November 3rd when the school children had a Halloween party. Appropriate games of all kinds were played, and there were lots of fun. The teacher, Miss Pickard dressed as a witch, laid aside her dignity and played with the children. Of course there were eats galore. The school house was hung from end to end with yellow and black tissue paper, black cats and pumpkins.

BRANT NEWS

A bumper crop is a crop wherein the farmer gets bumped.

Mrs. Louise Jackson has as her guest her father, Mr. Driggs.

Mr. Henry Olsen is again seen in the Brant neighborhood.

Mr. Redfern spent Thanksgiving Day with relatives in Calgary.

Mr. and Mrs. S. Betchel and son Ralph motored to Calgary Sunday.

Mr. Wm. Henderson will work at the Charley Kelly farm this winter.

A tightwad is one who won't spend money for things that he ought to have.

Mr. and Mrs. Dan Harper and son Ernest were visitors in Calgary last week-end.

Hugh Carey left Friday evening for Calgary where he is expecting to spend the winter.

Mrs. Vern Parker returned home last Tuesday from Olds where she was visiting relatives.

Mr. Lee Gaetz arrived in Brant Monday morning to visit at the Heckle Bros. home.

Messrs. Harry Christiansen and William Henderson were Calgary visitors last week-end.

Mr. John Miller, Calgary eye optometrist, was a business visitor in the Brant district Saturday.

Mr. and Mrs. Don McLaren, also Mrs. Wm. Thomas and son Norman, motored to Calgary Saturday.

Mr. H. P. Moore, Rawleigh medicine man was driving through the Brant neighborhood "collecting," Wednesday.

Mrs. Joe Heckle spent Friday and Saturday visiting with Mrs. John Eversman while their men folks were in Calgary.

Messrs. John and Mart Eversman also Joe Heckle were business visitors in Calgary Friday and Saturday of last week.

Lee St. Clair drove a number of cattle west of High River to Mr. McLaughlin farm for Mr. Casteel Thursday last.

Religion is caught rather than taught; it is the religious teacher not the religious lesson, that helps the pupil to believe.

Russel Thomas returned home Friday evening after spending the summer working at the Malmberg ranch at Herropton.

Mr. Sam Tetrault of Calgary spent the week-end with his wife and children. Mrs. Tetrault is teaching at the Emerson school at Old Brant.

Mr. "Dad" Fletcher returned home from Calgary Saturday morning, where has been visiting his wife who has been confined to the hospital for the past three weeks.

The lantern slides and lecture given in the Brant community church Monday evening by the Rev. Mr. Fawcett on the "The plays of Shakespeare," was well attended and enjoyed by all present.

Mrs. Miller and little daughters returned Thursday evening to their home in Big Sandy, Montana. They have spent the past two months visiting their daughter and sister, Mrs. H. E. Green.

The shades of night were falling fast. The fool "stepped on it" and rushed past.

A crash—he died without a sound; They opened up his head and found Excelsior!

A Halloween party was held in the Brant school house Tuesday evening under the auspices of the Brant teachers and Women's Institute. A very pleasant evening was spent in playing a number of interesting games for the children, such as, "Which way the wind blows," "a peanut race," "fortune telling," etc. The adults enjoyed themselves by the social game of "Progressive Five Hundred." The prizes were awarded to Mrs. Geo. McKay and Mr. Ed. Donnelly, which con-

sisted of handkerchiefs for the lady, and a pair of all wool socks for the gentlemen. The refreshments throughout the evening were apples, candy, nuts, and popcorn. The party came to a close at twelve thirty with a delicious lunch served by the ladies consisting of sandwiches, cake and coffee.

REID HILL NEWS

Mr. Gardner has returned to his home at Port Hood, Oregon. The evening previous to his departure his old friends held a party in his honor at the home of Mr. and Mrs. Carl Locke.

A meeting of the Reid Hill Women's Institute was held at the home of Mrs. Gordon McKay on November 1st, the Champion Institute visiting. Interesting discourses by O. L. MacPherson, M. L. A. and Mrs. Alcock of Champion were enjoyed, after which a dainty lunch was served.

Miss Stephen and Miss Morehouse spent the week-end in Calgary, guests of the former's parents.

Mr. C. Smith and Mr. F. W. Nichol were business visitors to Calgary recently.

A Thanksgiving entertainment and supper was held at Reid Hill church on November 6th.

The pupils of "Reid Hill" and "Marshall" enjoyed parties at their schools on the afternoon of October 31st.

Mr. J. D. McCullough who has been in the Blackie district returned home November 1st.

Mrs. L. W. Laws enjoyed a motor trip to Calgary on Wednesday last.

Railway News

Hardisty, Alta.—Work has just been completed on the C.P.R. bridge, Hardisty, after a great deal of labor has been spent on it.

The trestle was begun in 1906, when the railway came to Hardisty, and trains ran over in 1908. The trestle is 2,714 ft. long, 70 ft. high, and has in it 1,800,000 ft. board measure of lumber, as well as 27,000 ft. of piling. It is estimated that it has taken 800,000 tons of material to make the fill.

The present bridge presents a safe and perfect means of transit.

St. John, N.B.—Five members of the Baseball Writers' Association of the United States arrived in St. John from Montreal. They were Fred Lieb of the New York Evening Telegram, who is president of the Writers' Association; Sid Mercer of the New York Evening Journal; Irvin Vaughan of the Chicago Tribune; Denman Thompson of the Washington Star, and Ed. Ballinger of the Pittsburgh Post. They left on the S.S. Aranmore for Digby, en route to the Kegemakookee district where they will hunt big game.

The party are the guests of the C.P.R. The trip was arranged by Joe Page, baseball writer and sport enthusiast, who is a special representative of the C.P.R. He met the majority of the writers in New York and accompanied them to Montreal, Quebec and as far as this city.

The visitors were met at the station by G. Bruce Burpee, district passenger agent of the C.P.R., and C. B. Allan, secretary of the New Brunswick Tourist and Resources Association, and driven to the Royal Hotel.

Montreal—A press dispatch from Calgary crediting to the secretary of the Federated Shop Trades there a statement to the effect that the C.P.R. and certain other railways had knowledge of the conciliation board's award some days before it was filed with the department of labor and in consequence thereof had reduced the rates of wages as set by the conciliation board, prior to the announcement of the award by the department of labor, was brought to the attention of George Hodge, assistant general manager of the C.P.R. Eastern lines, who conducted the case for the railways before the board of conciliation and investigation.

Mr. Hodge denied most emphatically the correctness of the statement. He said further: that as far as the C.P.R. was concerned it had no knowledge of the report until it was received at the company's offices on September 4, and that instructions to restore rates of pay which had previously been put into effect as from July 16, were issued under date of September 5, making the reduced rates effective as from August 16.

Moose Jaw—"One hundred per cent more grain has been handled by the Canadian Pacific Railway up to the middle of October this year, than ever before for the same period. That will give you an idea of the way the grain is being taken out of the country," said Mr. Chas. Murphy, general manager of Western Lines of the Canadian Pacific Railway.

CANADA AIR FORCE

Major General O'Brien, Chief of the general staff of Canada was in High River on Saturday inspecting the air station and in company with Major Croil, made a trip over the town and district. Lt. Col. Gordon, acting director of the Canadian Air Force, was also here for the day. In future the Canadian air force will be administered as a purely military organization from five Canadian stations. The Alberta headquarters will be at High River; Vancouver will have the administrative office for B.C., and Winnipeg will be headquarters for provinces of Manitoba and Saskatchewan.

General O'Brien is very well known throughout the west, having served with the R.N.W.M.P. and in the last great war he served with great honor to himself being promoted to the position he now occupies.

LETTUCE SEE

Her pretty pink knees were unsocked As into the garden she walked. The spuds, in surprise, Shook the dirt from their eyes And even the Sweet-corn was shocked:

National C. S. E. T. Achievement Award to be given to all boys who are successful in the promotion of the Share Selling Campaign by means of which the boys are raising funds to support the Boys' Work Board of Alberta.

WEAR A POPPY

Next Saturday, November 11th, the day known throughout all the Allied countries as Armistice Day, is to be fittingly observed in Alberta and the other provinces of Canada by each and every person wearing a poppy, similar to those which grow in Flanders' Fields. Due to the efforts of the Great War Veterans' Association in this province almost every district in Alberta has been organized for the campaign and a large supply of the "flower of remembrance" has been secured.

Altogether 170,000 bright red poppies of two sizes and a large number of wreaths and sprays, the latter to be used in decorating monuments and tablets, have been distributed to the local branches of the G.W.V.A. in the province and to other organizations handling the campaign. These are being sold during the few days previous to Armistice Day and also on that day and if the citizens of this province remember yet the heroic deeds of the men who went over there, many of whom never returned, and there can be no doubt but that they do it is evident that 170,000 persons will be wearing a poppy on that day.

The objects of the poppy day campaign are worthy of the support of every citizen. The flowers have been made by disabled Canadian veterans in hospital. The entire proceeds realized from the sale of the poppies in any district will remain in that locality to relieve distress among returned men, their dependents, widows an orphans during the coming winter.

The Family Herald and Weekly Star of Montreal, seems to have a genius for collecting, or at least for giving us the best of everything. It is because all needs are catered to, and all minds receive what they need, and all households are given from the experience of the past and the wisdom of the present what is necessary for today and for tomorrow also, that none can afford to be without the Family Herald and Weekly Star, particularly as the subscription price of \$2.00 a year is within the means of all.
